- ❖ Firming Skin : The patented Argirelene (natural botox) is a peptide this is used by brand name companies. The peptide is derived from natural proteins and relaxes the muscles of the face to a point of firmness which reduces wrinkles and sagging skin. The key to this pricey ingredient and to be effective is that 5 to 10% of volume needs to be used. Most products only have 1% or less.
- ❖ Powerful Skin Repair : Bio Fullerene was discovered in 1985 by Curl Kroto and culminated into a Nobel Prize in 1996. The key functions is its' powerful anti-oxidant and makes skin younger by rejuvenation at the molecular level. Has 125 times the anti-oxidization power of vitamin C.
- ❖ Speedy Detoxification : Maja with its Scalar Energy rapidly detoxifies the skin and allows deeper penetration of the ingredients.
- ❖ Reverse Aging, Spotting, and Damaged Skin : The patented Radical Sponge® is a sophisticated ingredient created by Japan pharmaceutical company to remove spotting and aging issues.
- ❖ Rejuvenate Younger Skin : EGF is a low molecular polypeptide which stimulates cell proliferation resulting in younger skin.
- ❖ Moisture, Balance, and Nutrition : A proprietary Blend Of Herbs which include Mugwort, Aloe Vera, Ginger Root, Pueraria, Scutellaria, and many more. That balance , moisturize, and add essential nutrients back into skin.
